

Dies In Auto While Being Rushed To Tonopah

Batterymen At Desert Mill At Millers Believed To Have Accidentally Partaken Cyanide Of Potassium

COMMITTEEMEN ARE SELECTED BY THE REPUBLICANS

CANDIDATES IN CONVENTION
YESTERDAY FAIL TO FINISH
LABORS DEMANDED

Notwithstanding the fact that the republican and democratic county candidates held two sessions yesterday for the purpose of drafting county platforms and naming committeemen, the labors of both parties were not completed and it is believed that several days will elapse before the work is accomplished.

The republicans completed the selection of their county central committeemen for a number of the precincts in the county, and adopted a resolution empowering the committee to fill such vacancies in the outside precincts that were left unsupplied. The county committeemen selected were as follows:

Tonopah—First precinct, Wm. R. Bozarth; second precinct, Pete Petroni; third precinct, Letson Balliet; fourth precinct, F. N. Jones.
Manhattan—W. S. Johnson.
Round Mountain—W. L. Gommo.
Milletts—A. B. Millett.
Ione—Frank Davis.
Rhyolite—M. J. Moore.
Springdale—J. W. Murphy.
Hot Creek—Thomas L. Wiswall.
Sharp—M. B. Cutler.

The two conventions held night sessions last evening for the purpose of framing up county platforms and in both instances adjournment was taken while committeemen were instructed to complete the work and render reports at the earliest possible moment.

VAST THRONG IS PRESENT FUNERAL GENERAL NOGI

COMPLETE MILITARY HONORS
ACCORDED GENERAL WHO
COMMITTED SUICIDE

TOKIO, Sept. 18.—General Nogi and his wife were buried today with a throng present that almost equalled the mikado's funeral. A gun carriage bore the body from the residence in Akasahi to the Aoyama cemetery.

A hearse carried the wife's coffin and was followed by admirals and generals as pall bearers and an infantry regiment as an escort.

Fifty thousand people marched in line, including scores of Japanese nobles and all the foreign envoys except Knox, who was out of the city. After the Shinto rites, three volleys were fired over the grave.

ROOSEVELT IS AGAIN FAVORING RECALL PLANK

DECLARES THAT LAW WILL NOT
DESTROY INDEPENDENCE OF
THE JUDICIARY

WINSLOW, Ariz., Sept. 18.—A flat declaration favoring the recall, was Roosevelt's subject here, Albuquerque and Lamy, New Mexico today.

"I would like to have the recall apply to everybody, including the president," he said. "People talk about the recall as destroying the independence of public servants. Why, it won't destroy that of anybody who has independence. I don't like the public servant who is independent only when he knows the people can't get at him."

NO IMMUNITY BATH IS ALLOWED TRUST MAGNATES

GOVERNMENT WILL NOT ALLOW
HARVESTER OFFICIALS TO
GIVE TESTIMONY

WASHINGTON, Sept. 18.—To avoid an immunity bath, the department of justice has admitted it will not call the harvester magnates as witnesses at the Chicago hearing.

Perkins, Gary, Charles Deering and Cyrus Harold McCormick will probably not be permitted to testify as a criminal prosecution is possible.

WILLIAM CORBETT SUCCUMBS WHILE RUSHED HERE FOR MEDICAL AID

Takes Drink of Water at Mill Believed to
Have Contained Small Particle of
the Deadly Poison

Following a severe attack of nausea, William Corbett, 48 years old, a batterymen employed at the Desert mill of the Tonopah Mining company at Millers, died about 6 o'clock last evening in an automobile of the Consolidated Automobile company while being conveyed to this camp. His demise is thought to have been due to his unintentional drinking of water containing a small particle of cyanide of potassium.

Returning to his home about a quarter of a mile distant from the mill at the conclusion of his shift, Corbett complained to his wife of feeling very ill. Soon afterward he suffered an attack of nausea and subsequently lapsed into an unconscious condition. Corbett, it is understood, expressed the opinion that a drink of water he had taken just before leaving the mill had contained a small quantity of cyanide of potassium. It was thought by his friends that perhaps some of the chemical had lodged on his hands while working with it and that when he drew a drink of water from a faucet the poison dropped into the glass.

As soon as Corbett made known to his wife his condition, she called several neighbors and other employees of the mill.

KEYSTONE GROUP OF CLAIMS IN RATTLESNAKE CANYON IS SOLD TO LOS ANGELES PARTY CAPITALISTS

Negotiations for the sale of the Keystone group of claims in the Rattlesnake canyon district were concluded Monday when the title of that property was conveyed to E. A. Edwards and associates of Los Angeles by J. A. Hillier of this city.

Mr. Hillier spent several days last week in Los Angeles conferring with the purchasers of his property and on his return the necessary papers were signed conveying the property to the Los Angeles capitalists.

Mr. Edwards visited the Rattlesnake district several weeks ago and made a thorough inspection of the property which consists of 14 mining claims. He immediately entered into negotiations with the owners and the sale of the property Monday was the result of his visit.

Mr. Hillier stated yesterday that over \$30,000 in ore was on the dumps of the property awaiting treatment. This ore was extracted years ago when the mine was operated in a crude manner. Several millions of dollars was extracted during that time and one occasion \$98,000 worth of ore was shipped to Swansea, Wales, for treatment, returning the owners a handsome profit.

The ore is commonly known as the black metal variety, and has been technically termed as being stromerite. The silver values predominate.

The new purchasers have already ordered machinery for the property and will treat the ore now on the dumps. The cyanide process will be used and later it is planned to double the capacity to be used at the start.

Mr. Hillier plans to leave tomorrow for the district, which is located about 75 miles northeast of Tonopah. Mr. Edwards is expected to arrive here shortly from Los Angeles and will continue to the property immediately on his arrival.

JAPAN MAKES SELECTION SITE PANAMA FAIR

FIRST FOREIGN NATION TO MAKE
SELECTION; EXHIBIT WILL
COST \$15,000,000

SAN FRANCISCO, Sept. 18.—With the boom of canon from the cruiser Marblehead, a parade of 2000 Presidential troops and many other functions, Imperial Japanese Commissioner Takeda today selected the Japan site for the Panama Pacific Exposition building.

His was the first foreign nation doing so. The Japanese exhibit is to cost a million dollars. The buildings will be presented to the city after the fair.

Mrs. Chauncey Booth left this morning for Quartz Hill, Tuolumne county, Cal., to make an extended visit with relatives.

MAKE REDUCTION VOTING PRECINCTS AT GOLDFIELD

COUNTY COMMISSIONERS CUT
NUMBER FROM SEVEN TO
FIVE TO SAVE COSTS

There will be only five election precincts in Goldfield hereafter, instead of seven. The county commissioners passed an order to that effect this morning. This will reduce the number in the county to 15, instead of 17, says the Tribune.

What was formerly the first and fourth precincts of Goldfield have been consolidated and will hereafter be known as the first. The old second and third will remain as they were. The new fourth will be made up of the consolidated old fifth and sixth precincts. The only change that will be made in the old seventh will be to change its number to the new fifth.

A careful estimate of the cost of elections heretofore in Goldfield was made by Clerk Ben Rosenthal for the board and the commissioners calculate that by the changes that have been made in cutting out two precincts here, the taxpayers will save close to \$400 for every election. The costs to the precinct, including rent, light, stationery, and pay of the officers, with printing and changes in the ballots made necessary, has been about \$200.

Most of the bills for the primary election of September 3 were passed upon today and approved by the commissioners, amounting to \$2851. The outstanding bills, expected to be filed at any moment, will bring this up to \$3000, as has already been stated in the Tribune, so the cost of the primary in Esmeralda county remains unchanged at \$1.80 a vote.

TAILORS WILL NOT HAVE TO PAY TOWN LICENSE

JUSTICE COURT DECLARES THE
ORDINANCE TO BE OF DIS-
CRIMINATORY SORT

Justice of the Peace H. H. Atkinson late yesterday afternoon delivered a solar plexus blow to the town ordinance requiring local tailors to pay a quarterly license of \$15 as mercantile agent late yesterday afternoon when he dismissed the charges brought under the measure against E. B. Gray, Tony Wells, Fritz Toback and Carl Drossel. Judge Atkinson ruled that the ordinance is discriminatory and unconstitutional.
